RE: West End Development Plan

Dear West End Property Owner,

We're thrilled to share exciting news with you! The Town received up to \$40,000 through the Strategic Planning and Feasibility Studies Program to support the West End Development Plan. This is a significant step forward for our community, and you play an important role in realizing this vision.

The project has been approved to proceed, and dedicated information sessions will be scheduled for West End property owners to walk through the process, generate ideas, and have questions answered. Your input and partnership will be essential to the success of this plan.

We're looking forward to working closely together throughout this process. Future project updates and meeting notices will be provided through the Town of Oneonta website. To stay informed, we also invite you to complete the online contact form at <https://forms.office.com/r/2kLq9j6RuJ> or scan the QR code. Your information will be used solely for project communication and will not be made public or used for any other purpose.

This funding enables planning and feasibility studies for the West End corridor, supporting development options, property analysis, and a clear plan. Our goal is to turn the West End into a vibrant gateway that highlights our town's character and fosters economic and area growth.

A professional consultant will guide the planning to secure funding via the Empire State Development CFA and NY Forward DRI rounds. With the area's visibility, mixed-use properties, and gateway status, we have a chance to create something meaningful.

In the meantime, if you have questions or thoughts, contact us at [supervisor@townofoneonta.org](mailto:supervisor@townofoneonta.org) or (607) 432-2900. Thank you for being part of this journey. We look forward to shaping a vibrant future for the West End.

Sincerely,

William Rivera  
Town Supervisor, Oneonta
