

## STR Ad Hoc Committee Meeting Notes March 26, 2026

Core Committee Members present: Jenny Koehn, Reggie McGuinness, Teresa DeSantis and Trish Riddell Kent.

The Core Committee has been carefully reviewing all applications during our meetings over the weeks as they came in. Having had time to review with the final 2 applications coming in over the weekend of the deadline, we are ready to notify our new committee members. The committee chose those that they felt represented a broad view and range of experience that would assist the committee in fulfilling its mission. The committee selected Jacqueline Origini, Levi Anderson, Alan Grust, Wendy More and Ben Holscher. Trish will send meeting schedule and Diane will send material for review to the new members. Trish will ask the Town Clerk to send a letter thanking the applicants not selected and thank them for applying along with an invitation to attend the public meetings.

Two alternates were chosen, Ryan Layman and Todd Burrows.

Other discussion-Due to a surge in applications driven in part by fear and misinformation, we had a brief discussion on possibly considering recommending a moratorium on STR applications to put a pause on applications while we have a chance to do our work.
